

Ridges & Furrows Trail Map

The 30 mile Ridges & Furrows trail will take you through the heart of Lincolnshire, with beautiful countryside, panoramic views, traditional villages, bustling towns and contemporary art venues – there's plenty to see and do whatever the weather.

The route picks up on many existing Stepping Out walks and includes sections of the Viking Way. It mirrors the Spires & Steeples trail on the other side of the district.

The trail is mapped out on the All Trails app. www.alltrails.com

Special artworks have also been commissioned in a number of locations along the route to celebrate and reveal the hidden histories, so keep a look out for these new additions in the near future.
